

Trends in Magnetism

4th-9th September 2022, Venice

Welcome to the 2nd TMAG Conference, the flagship event of Petaspin Association!

www.unive.it/tmag2022 - www.petaspin.com/tmag2022

- Fully in presence
- Gordon-style conference
- Main topic: Antiferromagnetism and Light
- Poster sessions open to many other topics
- Poster awards for each session
- A few steps from Canal Grande
- Social dinner in the lagoon
- Exciting social activities
- Submission for poster sessions open by April 25th!

Topics of the conference:

- Antiferromagnetic spintronics
- Antiferromagnetic materials
- Light and magnetism
- Novel light sources
- Biomagnetism
- Magnetic domain walls
- Magnetization dynamics
- Modeling of magnetic materials
- Novel magnetic materials and multilayers
- Spin torque switching, spin torque nano-oscillators and detectors
- Spin waves and magnonics
- Spin-orbit torques
- Spintronics for neuromorphic and unconventional computing
- Topological magnetism
- Ultrafast magnetism

Confirmed invited speakers

- Lucia Aballe
- Franca Albertini
- Matthias Althammer
- Davide Bossini
- Daniele Brida
- Erick Burgos-Parra
- Lucas Caretta
- Jean-Yves Chauleau
- Chiara Ciccarelli
- Claire Donnelly
- Giovanni Finocchio
- Peter Fischer
- Laura Foglia
- Fiona Forte
- Shunsuke Fukami
- Julie Grollier
- Axel Hoffmann
- Tomas Jungwirth
- Andy Kent
- Alessandra Lanzara
- Romain Le Brun
- Ingrid Mertig
- Takahiro Moriyama
- Yuriy Mokrousov
- Özhan Özatay
- Helena Reichlova
- Siddiqui Saima
- Peng Yan

Confirmed discussion leaders

- Pallavi Dhagat
- Burkard Hillebrands
- Nicolas Jaouen
- Alexey Kimel
- Mathias Kläui
- Andrei Slavin
- Paolo Vavassori

Nobel Lecture
prof. Albert Fert

«We hope to see you in Venice!!!»
